

KCP ENVIRONMENTAL SERVICES LTD

ENVIRONMENTAL POLICY

Our perception of environmental awareness is to put sustainability at the heart of development, it forces us to think differently, so by default be innovative and offer solutions which enhances customer expectations

Our Environmental Policy is to be a responsible corporate citizen in protecting the environment. We are committed to complying with accepted environmental practices, including the commitment to meet or exceed applicable legal and other requirements, to strive for continual improvement in our environmental management system, and to minimise the creation of wastes and pollution. We will, therefore, manage our processes, our materials and our people in order to reduce the environmental impacts associated with our work.

Our Environmental Policy provides the framework for setting and reviewing environmental objectives and targets.

Our Environmental Policy is documented, implemented, maintained and communicated to all employees.

KCP Environmental services, pledges to implement and operate the ISO-14001 Environmental Management System (EMS) to further enhance environmental performance.

Our main objectives and commitments are to:

Investigate the reduction of hazardous and toxic chemicals

Reduce, reuse and recycle waste and packaging

Improve the efficiency of energy waste

This policy will be communicated to all parties interested in the performance of our EMS, including the public.
