

KCP ENVIRONMENTAL SERVICES LTD **Sustainability Policy Statement**

Vision:

To provide open transparent solutions and conversations to projects with a circular economy attitude.

Principles:

Our approach to business is to be guided by our Targets and Objectives for ISO14001, our internal Culture of CHESS- Communication, Honesty, Efficiency, Service & Safety.

Important Issues

Our community has many challenges and we have prioritised areas where we believe collectively as a company we can assist positively but also contribute to a new circular economy approach method of doing things.

PEOPLE

- *Zero Workplace fatalities*
- *Socially focussed recycling/upcycling activities*
- *100% commitment to all KCP social standards and community work*

PLANET

- *Improve on our rainwater harvesting facility volumes to extend to non potable water facilities- currently provides for filling of jetting vehicles only*
 - *Improve on our hybrid/electric car small vehicle fleet on renewal*

PROVISIONS (our services)

- *Foster good relations with companies to develop waste resource solutions for multiple waste streams to allow sustainable treatment- min target 5 per year*
- *Provide transparent treatment solutions and recycling opportunities-no hidden costs 100% of the time*
- *To ensure that 75% of our treatment supply chain meet minimum sustainability criteria*
 - *Develop SMART objectives into our 14001 targets*
